

We cordially invite you to another edition of our online event series, "Lunch Lectures - International Arbitration Abroad". During a joint video desk lunch, our speakers will report on their experiences with international arbitration proceedings in jurisdictions around the globe and share exciting insights.

Of course, the social aspect of a lunch break is not to be neglected! There will be ample time to get to know each other in small groups and to exchange views on arbitration, cuisine, or other exciting topics in a relaxed atmosphere.
