

We cordially invite you to the conference entitled: “Polish-German Business Outlook: Opportunities, Partnerships, and Dispute Resolution”

Germany is Poland’s leading trading partner, both in exports and imports. In 2024, Poland became Germany’s fourth-largest export market, surpassing China. These figures reflect the strength of the economic ties between the two countries.

The aim of the conference is to take a closer look at business operations and foster dialogue between Polish companies active in Germany and German businesses present in Poland. We will discuss both the opportunities and challenges of cross-border cooperation, with particular emphasis on dispute resolution.

The event will be held as a moderated debate with an accompanying lunch kindly sponsored by Queritius and Gleiss Lutz.
